

Biannual Award of the European X-ray Spectrometry Association (EXSA) for Young X-ray Spectrometrists

Eligibility criteria

1. Every applicant for the Award must be maximum 35 years old. Two awards will be attributed, one award for the PhD thesis (PhD obtained in the last two years) and one Postdoc award for the other young scientists.
2. The major conditions are that the candidate has achieved internationally recognizable results either in the academic domain or in the field of innovation, and that consequently the main publications should be preferably in major European languages.
3. The winners will be obliged to participate at the EXRS 2010 conference.

Submission procedure

1. The deadline for the submissions of the applications is **30 April 2010**.
2. The application of the candidate has to reach office by e-mail to exsa@aeki.kfki.hu
3. The page limit is 3 pages for the curriculum and the description of the own contributions.
4. A recommendation letter from the group leader of the candidate stating that the candidate's own contribution was substantial/essential to the presented work.

Selection procedure

1. A special committee has been nominated for the selection by the ExCom; it will receive all documents.
2. The Awards will be handed over by the EXSA president during the closing ceremony.
