The University of Antwerp is a knowledge centre with 3.400 co-workers that performs ground-breaking and innovative research of international standing. The university takes special care to ensure optimum support and supervision of students, and pays constant attention to educational innovation. The university is an autonomous pluralistic institution that is committed to the enhancement of an open, democratic and multicultural society, and it pursues an equal opportunities policy.

The university is seeking to fill the following full time vacancy (m/f) at the Department of Chemistry of the Faculty Science: Tenured Academic Staff Environmental Chemistry and Environmental Chemical Analysis AP/2008/102

Job description: The assignment consists of lecturing duties, scientific research and service to society. During the first period of (maximum) ten years, scientific research will be the main activity. Your research is expected to be in the field of Environmental Chemistry. Within a few years you will be leading the research group Environmental Analysis of the University of Antwerp as part of the Centre of Excellence ECO of the University of Antwerp. You are expected to acquire external funding (national and international).

Profile and requirements: you hold a doctoral degree in chemistry or bio-engineering with specialization Chemistry you have an international scientific CV, your academic achievements are situated within the top 10% of the broader field of study.

---

We offer: A full time position as docent (= level of lecturer) or higher, commensurate with the experience and the academic qualifications. The appointment is initially for a period of three years, after which it can become tenured depending on a favourable evaluation. The expected date of appointment is October 1st 2008.

Interested? Please fill out the mandatory application form (see [http://www.ua.ac.be/main.aspx?c=\\*VACATURES&n=15761&ct=011072](http://www.ua.ac.be/main.aspx?c=*VACATURES&n=15761&ct=011072) or call +32 3 265 31 53/54) and send it to

the University of Antwerp Campus Middelheim Personnel Department (cel AP) Middelheimlaan 1 BE-2020 Antwerpen Belgium at the latest on september 15th 2008.

Please add to your application form: a detailed research proposal for the next five years (5-10 pages) and a report of their previous activities of scientific research

Further information can be obtained from: Prof. Dr. R. Dommissie, head department of Chemistry,

phone +32 3 265 32 29, regarding the profile and the description of duties; Dr. E. Spruyt, phone +32 3 265 30 12, Head of the Research Department, regarding the special research status; Ms. Nancy Coorens, phone +32 3 265 31 54, assistant of the Academic Personnel service, regarding the terms of the appointment.
